

iconCFD Conference Day -Agenda- 10th(Fri.), Nov.

10:00-10:05	Welcoming Remarks	IDAJ
10:05-11:05	An Extensive Validation of an Open Source Based Solution for Automobile External Aerodynamics *English Lecture	Icon Technology & Process Consulting Ltd.
11:05-11:35	Parallel performance benchmark test 2 of iconCFD in FOCUS supercomputer	Mitsubishi Electric Corporation
11:35-12:05	Presentation of CAA simulation using iconCFD	IDAJ
12:05-13:10	Lunch Break *The lunch-box will be served in the anteroom.	
13:10-13:40	Introduction to the application example of iconCFD to automotive air conditioning products development in Calsonic Kansei	Calsonic Kansei Corporation
13:40-14:10	On the Solver Improvement in iconCFD *English Lecture	IDAJ-UK
14:10-14:40	Introduction of Numerical Simulation for Combustion with iconCFD	IDAJ
14:40-15:10	Application of iconCFD in Mazda's Engine Thermal Management	Mazda Motor Corporation
15:10-15:25	Break	
15:25-15:55	CADfix - Evolving CAD to CAE Connectivity*English Lecture	International TechneGroup Limited
15:55-16:25	Case example of the latest ennovaCFD modeling and introduction of analytical application examples	IDAJ
16:25-17:10	iconCFD v4.0 - Introduction to New features & Enhancements for Industrial CFD simulation *English Lecture	Icon Technology & Process Consulting Ltd.
17:10-17:20	Closing Remarks	IDAJ

*The Q&A session (5 to 10 minutes) will be conducted after each speech.

*Please note that this agenda is provisional and subject to change at any time until the conference commences.

as of 19th Sep. 2017
